Features & Specifications

Construction

The housing and door frame are constructed of die cast aluminum. The flat tempered glass lens is sealed in place and a door gasket is provided for weather tight protection. ETL listed for wet locations.

Optical System

It is a compact light ideal for site, landscape, flag pole, and general security lighting. The sleek curve and contemporary look make them more aesthetically pleasing than regular commercial floods. A number of shielding options are available for customized effects.

Electrical System

Available in 50W Mercury Vapor, 50W-100W Metal Halide, 50W-100W High Pressure Sodium, 42W Fluorescent, and 75W-250W T4 Quartz.

Mounting

Standard mounting options include a 1/2" threaded cast aluminum knuck mount

Finish

A Super Durable Polyester powder coat finish is electrostatically applied. Standard colors available: Black, Bronze, White, OD Green, US Green. Custom colors available upon request.
