FEATURES & SPECIFICATIONS

APPLICATION — The ENTM Medium Designer Shoebox is designed for general-purpose area lighting with an aesthetically pleasing design. It is the perfect choice for lighting large open areas for safety and security. Retail applications, parking areas, or even wall mount applications for security lighting are all suitable applications for this fixture.

CONSTRUCTION — The housing and door frame are constructed of extruded aluminum. The flat tempered glass lens is sealed in place and a door gasket is provided for weather tight protection. ETL listed for wet locations.

FINISH — A Super Durable Polyester powder coat finish is electrostatically applied in our state of the art paint facility. Standard colors available: Black, Bronze, US Green, White. Custom colors available upon request.

OPTICAL SYSTEM — The fixture uses high efficiency faceted reflectors available in a multitude of beam patterns. Horizontal lamp positions with a flat lens are standard. The fixture is a full cut-off light fixture and is Star Light Friendly.

ELECTRICAL SYSTEM — A 4KV pulse rated medium base socket is provided standard. Fixtures are available in 70W-400W Standard and Pulse-Start Metal Halide and 150W-400W High Pressure Sodium. Each fixture is available with a multi-tap CWA magnetic ballast that is pre-wired for convenience.

MOUNTING — Standard mounting options include 2", 8" and 10.75" Straight Arms with internal bolt guides for square and round pole mounting.
