## Features & Specifications

### Application

Wall/Vanity fixtures are useful for illuminating corridors, stairwells, lavatories, dressing rooms, patient rooms also for utility/area and task lighting.

### Features

Optimized for T8 or T5 lamp performance. To direct illumination up or down, fixture is equipped with a matching metal front. Baffles and dividers are available for up, down, and/or front light. Ends have tapped holes to accommodate tamper-proof or regular screws.

### Construction

Housing constructed of structurally embossed, heavy gauge, cold rolled steel with clear ribbed acrylic lens.

### Electrical System

ETL listed. Suitable for damp locations. Damp location emergency pack must be specified separately. Ballasts are solid-state electronic. Ballasts and lamp holders are replaceable without removing from wall.

### Finish

All reflective surfaces are finished with a high reflectance, lighting fixture white polyester powder.
